

Sanoma's General Conditions of Sale

These conditions of sale apply when an advertiser, media agency, advertising agency or other advertising service provider (hereinafter the "Advertiser") buys advertising space and/or airtime from Sanoma Media Finland Oy or its subsidiary (hereinafter "Sanoma") to appear in publications, TV and radio channels, website or mobile pages, applications or newsletters (hereinafter "Advertising platforms") sold by Sanoma.

These conditions are applied when the Advertiser purchases advertising time and/or airtime on Sanoma's own Advertising platforms and additionally when the Advertiser purchases advertising time and/or airtime on Advertising platforms of other separately mentioned media companies.

When purchasing advertising space and/or airtime (including when providing advertising content), the Advertiser agrees to comply with these conditions of sale as well as with any special terms and conditions agreed upon by the parties in each individual case.

1. Sale of advertising

When booking advertising space and airtime, the Advertiser must specify the advertiser and the advertised product or service and comply with the schedules and technical specifications provided in the Sanoma advertising guidelines when submitting the campaign's advertising material. The valid advertising guidelines and advertisement formats are available at www.media.sanoma.fi.

The Advertiser who has purchased advertising space and/or airtime may not sell it to a third party. When a campaign is purchased as part of a display or instream package, Sanoma does not guarantee visibility on all of the Advertising platforms included in the package.

2. Campaign definition and contact guarantee

Campaign

Regarding television and radio, a campaign means a booking of several advertisements placed and confirmed at once which advertises the same product or service. Separate campaigns by one Advertiser will be regarded as a single campaign if the time period between campaigns is seven (7) days or less, and if the same advertisement(s) and/or buying target group is used.

Contact guarantee and ad impression guarantee

Sanoma grants a contact guarantee for TV campaigns. This means that Sanoma guarantees to deliver the agreed number of contacts in the campaign's buying target group confirmed by the Advertiser (hereinafter "Contact guarantee"). If necessary, advertisements will be aired free of charge during the agreed campaign period in order to reach the number of contacts confirmed by the Advertiser. Applicable terms of Contact guarantee and granting it can be found at www.media.sanoma.fi.

The possible shortfall of Contact guarantee will be compensated with the Advertiser's consent by continuing the campaign or in connection with the Advertiser's next campaign. The compensations for a failure to achieve the guaranteed number of contacts are not monetary. The contact guarantee is verified from the final figures of the TV Audience Measurement supplied by Finnpanel Ltd.

Sanoma gives an ad impression guarantee for minimum views for cost-per-view display and instream campaigns. If the purchased number of views of the advertisement is not completed during the campaign period, the campaign will be prolonged until the agreed minimum number of views has been completed. Sanoma has the right to continue the campaign until the agreed number of views of the advertisement has been completed. Upon separate agreement, any remaining views of the advertisement can be compensated for in connection with the next campaign. If the number of views falls short of the target number of views by no more than five (5) per cent, no compensation will be given for the number of views. The number of views and clicks is monitored through the advertising management system employed by Sanoma.

3. Prices and portfolio

Sanoma reserves the right to amend the published rates. Rate increases will also apply to advertisement bookings made previously by the Advertiser and unconfirmed offers made by Sanoma, unless Sanoma has made the Advertiser explicitly a binding offer that supersedes the published rates.

In the event of a rate increase, the Advertiser has the right to completely or partially cancel or shorten the advertisement booking within six (6) days as of the date on which the Advertiser is notified in writing of the rate increase.

Rate increases attributable to legislation or the actions of the authorities also apply to all prices and bookings already made and to open bids. If the broadcasting time of a television advertisement has had to be transferred to a time other than the one reserved due to a reason independent of Sanoma and if the Advertiser has approved the transfer, the Advertiser will be charged according to the new broadcasting time.

In case of portfolio changes Sanoma reserves the right to move advertising to portfolio sold by Sanoma.

4. Discounts

General terms and conditions for discounts

Sanoma issues discounts on various grounds. An agreement that entitles the Advertiser to a discount must be made before the beginning of the campaign included in the agreement.

Non-profit advertising

Sanoma grants a 35% discount for non-profit advertising. In addition, direct customer discount or advertising and media agency discount applies.

Non-profit advertising discount:

- Influences the quality of life and well-being of citizens
- Influences attitudes and values
- Does not aim at achieving financial benefits
- Provides encouragement or information, warns of risks or helps people take initiative

Non-profit advertising may not include sponsored logos. The discount does not apply to business, recruitment or property advertising or other administrative advertising by non-profit entities.

Non-profit advertising discount is not granted for performance based (CPC) or programmatic advertising.

Direct customer discount

In the event that an Advertiser buying directly from Sanoma meets the operational and quality criteria detailed in these conditions, Sanoma grants the Advertiser a direct customer discount in proportion to the total invoicing as specified in the table below:

Customer's total invoicing (EUR)			Customer's net reimbursement, %
3 months	6 months	12 months	
8,750	17,500	35,000	6
16,250	32,500	65,000	7
33,750	67,500	135,000	8
46,250	92,500	185,000	9

71,250	142,500	285,000	11
85,000	170,000	340,000	12

The basic level of the Advertiser's total invoicing entitling the Advertiser to the discount is calculated from the net prices of advertisements. The net price refers to the price from which all possible discounts have been deducted. Direct customer discount is not granted for performance based (CPC) or programmatic advertising.

Advertising and media agency discount

An agency discount on the campaign price is granted to the advertising and media agencies separately approved by Sanoma. Sanoma requires that the agency taking the benefit of an agency discount abides by these terms and conditions, observes the booking and payment schedules and transmission guidelines, takes the full default risk (del credere) for the advertisements it supplies. Agencies given advertising agency discount shall take care of their client's TV campaign planning, bookings and monitoring via X4 Extranet and in these utilize research services produced for professional media buyers.

85,000	170,000	340,000	15

The basic level of the Advertiser's total invoicing entitling the Advertiser to the discount is calculated from the net prices of advertisements. The net price refers to the price from which all possible discounts have been deducted. Advertising and media agency discount is not granted for performance based (CPC) or programmatic advertising.

Self-service reimbursement with regard to television advertising

The self-service reimbursement is granted for television advertisement campaigns planned according to these conditions of sale and fair trading practices of the industry, whose booking, confirmation and transmission instructions and spot deliveries the Advertiser carries out in accordance with the agreed operating methods and schedules. The reimbursement is calculated from the net volume of the ordering

party's campaigns that entitle the party to the reimbursement. The amount of the self-service reimbursement is 0.8% of the aforementioned net volume.

The self-service criteria or the terms for self-service reimbursement may change during 2019. For more information on this operating model, contact the TV and radio planning of Sanoma.

5. Campaign confirmation

Sanoma makes a campaign offer to the Advertiser on a TV, radio, display and instream campaign based on the Advertiser's booking. The Advertiser must confirm the offer according to these terms.

Television and radio

A TV campaign offer's period of validity is determined according to the table below:

Time from booking date to the start of the TV campaign	Offer valid as of the booking date
28 days or longer	2 weeks
14-27 days	1 week
8-13 days	3 days
6-7 days	1 day
3-5 days	Offer must be confirmed the same day as booking

A radio campaign offer's period of validity is determined as follows:

Time from booking date to the start of the radio campaign	Offer valid as of the booking date
28 days or longer	2 weeks
14-27 days	1 week
7-13 days	3 days
5-6 days	1 day
2-4 days	Offer must be confirmed the same day as booking

The periods of validity are counted according to original booking date; even if the offer undergoes changes, the confirmation date will not change. Sanoma reserves the right to shorten the normal confirmation schedules during public holidays or peak advertising demand periods.

The campaign must be confirmed digitally (OVT, X4 Extranet) no later than by 11:00 p.m. on the final date of validity mentioned in the offer. If the Advertiser needs assistance with the confirmation, it should contact Sanoma TV and radio planning by 3:00 p.m. Please note! If there are less than five (5) days to the intended start date of a radio campaign, the campaign must be confirmed by 11:00 a.m. If the confirmation on a radio campaign is received after 11:00 a.m., the campaign's start date is postponed by one day.

If Sanoma receives confirmation on a television campaign no later than 50 days prior to the campaign's first broadcast and the conditions of contact guarantee stated in section 2 are being met, the Advertiser gains 5% more contacts in the campaign's contact guarantee. The campaign may be changed normally in accordance with these conditions of sale, but nonetheless in such a way that if there are less than 50 days to the campaign's start, the 5% in additional contacts is not granted.

Display and instream

The campaign offer is valid for 14 days or until there are five (5) days to the campaign start, after which the inventory is released automatically if a reservation has not been confirmed. If the reservation is made less than five (5) days prior to the campaign start, no preliminary reservation is accepted but the reservation is made automatically as confirmed.

News media and magazines media

When booking fixed ad positions (including HS multichannel front page), the Advertiser commits to purchasing the booked advertisement place i.e. the booking is confirmed automatically. Other bookings must be made by the end of the booking period. Applicable timetables of booking periods for news media and magazines media are found at www.media.sanoma.fi.

If the Advertiser defaults on its payment obligations, Sanoma has the right, without a further hearing of the Advertiser or a ruling or decision given by a court of law, to take the action necessary to secure its position as the pledgee and liquidate the security as it best deems fit as payment for its overdue receivables.

10. Responsibility for advertising content and advertising material

The Advertiser is responsible for ensuring that the advertisement commissioned by the Advertiser and delivered to Sanoma for publication is not contrary to currently valid laws, official or self-regulatory rules or any instructions provided by Sanoma in writing (such as the publication rules of Helsingin Sanomat, available in Finnish at [Helsingin Sanomien julkaisusäännöt or these conditions](#)). Sanoma has the right to refuse to publish an advertisement without having to pay compensation if the advertisement, in Sanoma's view, does not comply with the requirements specified above.

The preliminary inspection does not limit the Advertiser's liability for the advertisement's content.

Should the advertisement material or a part thereof not be approved for publishing or broadcasting, the Advertiser will be informed of such immediately. In such cases, the Advertiser must deliver the new or edited material to Sanoma within two (2) days of Sanoma's notification or no later than by the deadline for material delivery. Should it fail to do so, or if the material fails to meet the requirements concerning the contents of advertisements, Sanoma has the right not to publish or broadcast the advertisement at all.

In the event of a broadcasting error attributable to Sanoma, the form and amount of compensation will be agreed upon separately with Sanoma. The maximum compensation is equal to a corresponding amount of airtime or a disregard of the invoice concerning the erroneously broadcast advertisement. Any complaints concerning a broadcast must be made in writing within five (5) days of the advertisement's broadcast or intended date of broadcast.

Sanoma reserves the right to broadcast emergency warnings over the radio in accordance with currently valid legislation. If an emergency warning coincides with a commercial break and the advertisement is not broadcast as a result, Sanoma is not liable to compensate for such failure.

13. Right to use advertising material

Unless otherwise indicated in writing by the Advertiser to Sanoma no later than when it submits its advertising material to Sanoma, Sanoma has the right to transfer the advertisement, following its initial publication or broadcast, to a hard drive or some other storage platform and use it in presentation, training and research compendiums and on its own internet and extranet pages. The aforementioned limitations of liability shall not be applied if the loss or damage arises from wilful or gross negligence or a breach of section 10 and 15 of these conditions of sale.

19. Validity and termination of Agreement

The Agreement concerning a campaign will enter into force once the Advertiser has confirmed the offer made by Sanoma in writing or once Sanoma has confirmed, in writing (e.g. via e-mail), that it approves the

order/booking placed by the Advertiser. The Agreement concerning a campaign is valid until the end of the campaign period agreed on by the parties, unless otherwise specified in section 1 of these conditions of sale or some other special provisions agreed upon by the parties.

Either party may terminate the Agreement with immediate effect if the performance of the other party fails to accord with the Agreement and the failure, despite a written notification, is not remedied within fourteen (14) days of the arrival of said notification, or if the other party is declared bankrupt, placed in liquidation or otherwise encounters serious financial or business difficulties due to which it is unable to meet its contractual obligations and does not provide sufficient security for the performance of its obligations. If the Advertiser fails to comply with terms and conditions of section 15, Sanoma reserves the right to discontinue the Advertiser's campaign with immediate effect and terminate all the Agreements between the Advertiser and Sanoma without having to pay compensation.

Terms and conditions which, by virtue of their significance or context, are meant to remain in force despite the Agreement's termination will remain in force after the termination or rescission of the Agreement.

20. Confidentiality

In this DPA data is categorized based on its origin. Data processed during advertising in Sanoma's Network is either Sanoma Data or Partner Data. Both Sanoma Data and Partner Data may include Personal Data. It is also possible to use third party data while advertising. The party using the third party data is responsible for the compliance and agreements governing said data.
- Personal Data is processed in online advertising. Sanoma considers data collected through cookies and mobile IDs as Personal Data in particular when that data is used to collect a profile about or target advertising to Data Subjects. Also other IDs may be used in online advertising, for example, IDs generated based on email address or phone number.
- Data originating from Sanoma's Network and/or about Data Subjects who are Sanoma's customers, including site visitors, can be used only for the purpose of serving and measuring the advertising. It is not allowed to use Sanoma Data for any other purpose unless otherwise agreed.
- When Sanoma is acting as Processor of Partner Data, Sanoma will process the data according to the same principles as required from the Partner when Partner is processing data on behalf of Sanoma. These requirements are assigned for "Processor".
- The Processor shall be responsible for all data processing done in its systems or technologies and by its subcontractors.
- To make this document more readable we have moved legalese to the end. See section 6 for the applicable Laws and definitions.

1. What are the roles of the parties?Controller:

- Sanoma is the Controller of Personal Data for all data originating from Sanoma's Network as well as for the data Sanoma provides for targeting of advertisements e.g. segments.
- Partner is the Controller of Personal Data that is collected outside Sanoma's Network and is in the control of Partner. For the sake of clarity, the Partner is presumed to be the Controller or to be acting on behalf of the Controller of Partner Data it uses to target advertisements in Sanoma's Network.

Processor:

- Partner is the Processor of Sanoma Data when it processes data from Sanoma's Network for serving or measuring the effectiveness of advertisements. Data processed by Partner includes data collected from Sanoma's Network with cookies and similar technologies for measuring the effectiveness of advertisement originating from Sanoma's Network and/or provided by Sanoma for the purpose of serving advertising (including but not limited to segments or other targeting or data products Sanoma offers).
- Sanoma is the Processor of Partner Data, when processing data about Data Subjects visiting Partner web and mobile services for the purpose of re-targeting advertisements for those visitors on Sanoma's Network or when creating new segments for the Partner by comparing data about users of Partner's web and mobile services with Sanoma Data. In these situations, Partner shall notify

and/or obtain consent from Data Subjects according to the Laws. When Sanoma is acting as Processor of Personal Data, Sanoma does not process data for its independent purposes and Sanoma shall act according to Partner's reasonable instructions. For the sake of clarity, when Partner Data is processed while serving or measuring advertisements Sanoma will not use Partner Data for any other purpose than to enable the advertising in connection with Sanoma advertising services. If Sanoma has access to such Partner Data, Sanoma is a Processor of Personal Data.

2. Description of processing activities

- Serving and measuring advertisements: Partner may use cookies or other similar identification techniques in Sanoma's online and mobile services solely to serve advertising, and measure the impressions, reach and conversion rate of its campaign.
- Data used for targeting: Sanoma Data concerning Sanoma's online and mobile services and their visitors (Data Subjects) or impressions may be used only for targeting or re-targeting of advertisements within Sanoma's Network. Sanoma Data may be used for targeting of advertising outside of Sanoma's Network only when Sanoma has enabled such use of data to the Partner in a Data Platform.
- Using Sanoma Data in programmatic buying: Sanoma Data concerning Sanoma's online and mobile services or their visitors or the offered ad impressions may be used solely a) to give a quotation for the said impressions or b) to build campaign net rating point and global frequency based on the Partner Data.
- Disclosing and/or combining Sanoma Data: Sanoma Data may not be disclosed to third parties for their own independent purposes or combined with Personal Data for purposes that single out users.
- Sanoma's consent: Any exceptions to the above-mentioned processing require written consent from Sanoma and a valid legal base for processing (such as Data Subject consent).

3. Can Partners use subcontractors or transfer data outside EU/EEA?

- Subcontractors: The Processor shall be responsible for its systems, technologies and subcontractors as if they were part of its own operations. At request, the Processor must give a list of its subcontractors to the Controller. Controller may object to the use of a subcontractor, in which case the Processor has the right to terminate the agreement in case that it is not possible to change the subcontractor.
- Data transfers: The Processor shall not (and shall procure that its subcontractors shall not) transfer or process Personal Data in a non-EEA country without agreeing on it beforehand in writing with the other party of this DPA. Notwithstanding the foregoing, Processor may transfer Personal Data if the statutory requirements regarding the processing of Personal Data outside the EU/EEA countries are complied with, and if it has notified the transfer to the Controller, including the location where data will be transferred and the name of the subcontractor. Notifications shall be made to cert (a) sanoma.com. Data transfers implemented by Sanoma and their legal basis are listed in Appendix 1. Sanoma notifies the Controller of possible new transfers by updating Appendix 1. If required by the Laws, the Processor commits to sign Model Clauses using the module "MODULE THREE: Transfer processor to processor" with a subcontractor and, where necessary, implement additional safeguards to supplement the Model Clauses in accordance with guidance provided by Supervisory Authorities under the Laws. The Processor shall, without undue delay, inform the Controller of the Processor's inability to comply with the Model Clauses. In such case, the Controller shall have the right to suspend the transfer of Personal Data to a non-EEA country.
- Documentation: On the written request of the Controller, the Processor shall present a list of subcontractors and data transfers and their legal basis to the Controller.

Processor shall work together with Controller to quickly resolve the issue, and prevent further losses. Notification should be made via email to: cert@sanoma.com.
- **Data Subject rights and data protection impact assessments:** To the extent necessary taking into consideration the nature of the processing, Processor shall assist the Controller in a reasonable manner with Controller's obligations relating to this agreement, including fulfilling Data Subject rights and conducting data protection impact assessments.

 - Upon request from the Controller, the Processor shall demonstrate to Controller how the Processor (including its subcontractors) complies with the requirements of this DPA.
- **Technologies:** Partner is not allowed to make use of flash cookies and/or (browser) fingerprinting or any other type of tracking technologies when advertising in Sanoma's Network. At the end of the campaign, the Partner undertakes to remove any tracking codes used in a re-targeting campaign that refer to Sanoma's systems.

5. What if the DPA is not complied with?

- In the event where Processor breaches the terms of this DPA, Controller may at its own discretion immediately cancel all advertising campaigns and/or terminate all agreements concluded between the parties of this DPA with immediate effect.
- Processor is liable for any and all loss or damage suffered by Controller and/or the users of its online services arising out of breach of this DPA.
